ABOUT
Our Company

Nishat General Company is an industry-leading agent & distributor for Stationery, Paper & Office Equipment in the gulf region. The company was established with the principle of introducing world-renowned brands in the field of School & Office stationery to the UAE market. Over the past five decades Nishat General Company has evolved into a market leader by partnering with reputed international stationery brands with exclusive distributorship all over the gulf region.

We have been active in the GCC market for over 50 years and are known for our impressive brand portfolio, market strength, omnichannel distribution and effective supply chain management processes. The success of the organization can be entirely attributed to the vision, determination and professional skill of Mr. Kashmiri and the management team on one hand, and the premium brands the company represents on the other.

Today Nishat General Company is one of the most experienced and well-known agent & distributor of stationery products, having a network of over 1000 retailers all over the U.A.E. and branches in Oman, Qatar, Bahrain and Kuwait with each branch having its own individual offices and warehousing.

The company's central warehouse is present in National industries park Dubai, which is further backed by multiple branch-level warehouses to support an omnichannel distribution system catering to businesses, schools, retail outlets, modern trade and online shopping platforms.

Our Product Categories

We cater to stationery requirements from early year learning centers to higher education institutes, offices, hobby and craft centres.Our product categories revolve around premium stationery, paper and office automation

Ruler in a Pouch

Rulers and letter stencils are important tools for producing and labelling drawings, in particular technical drawings. Since the letters and characters in sketches must be extremely precise and clean, letter stencils help transfer these letters and characters onto a surface while ensuring a correct and proper layout.Transparent body for clear visibility. Perfect callibration for accuracy.

› Barrel + caps 100% recycled plastic.
› Tip: if at all possible, wash new fabrics before decorating them to improve ink absorption.
› To protect your hand-decorated pieces from too much mechanical friction in the washing machine, simply turn them inside out before washing them or use a laundry net. Washing by hand is even gentler, ideally with mild detergent

Metallic Marker

› Ideal for most surfaces.
› For paper, cardboard, glass, plastic, metal, stone.
› Noble metallic effect.
› Water-based ink.
› Does not bleed through the paper.
› Odourless.
› **No pumping or shaking needed.**
› 1.5 mm felt-tip pen.
› Cardboard box of 6 with colour heart of gold, nothing else metals, copper cabana, berry nice, ice ice blue, wanderlust.

Decorate light, dark or colourful paper or even smooth surfaces, such as plastic, foil, porcelain, glass and metal, with a premium metallic effect. You can even make wood or rocks look shiny. After drying, Metallics are resistant to both smudging and water splashes. They can even be made waterproof (not dishwasher safe) by setting them in an oven at 160°C for 30 minutes. The special water-based metallic ink is odourless and doesn't seep through paper. Furthermore, no pumping or shaking is required, the ink flows evenly through the 1.5 mm fibre tip. This allows you to start drawing immediately.

For shiny decorations, lettering and drawings

IF A JOB'S WORTH DOING...

How does it feel to be a winner? You know when you do a job well. With Leitz, that can be every single job you do. When you make the right choice you're more efficient and more productive. And with the unique Leitz 180° file that closes with precision each and every time, you will always get that feeling of a job well done.

www.leitz.com

LEITZ®
JOB WELL DONE

LEITZ PREMIUM 180° LEVER ARCH FILES

PATENTED 180° MECHANISM
Unique patented mechanism that opens 180° for 50% wider opening and 20% faster filing

PRECISION
Exact opening and closing even with frequent use.5-year guarantee on precision mechanics

HIGHEST STABILITY
Hightest stability due to extra strong material

Files with Slide-in Mechanism 180°

Self - assembly files for space - saving transport. File cover and mechanism packed separately. To re-assemble, the mechanism simply slides into the metal plate provided in the cover - and is then ready for use.

Spine Labels for Standard & Board Files

These replacement labels are for use with lever arch files. When the information on a lever arch file becomes outdated, it can become necessary to replace the label with one that reflects the current content. Leitz labels are self adhesive, meaning that application is smooth and the renaming of your files can be done in a timely and efficient manner. Making sure that information is up to date is critical for filing to be effective and for what is a small expenditure, you can ensure that files and folders are up to date.

LEITZ CLICK & STORE WOW

A stylish and practical storage solution with a contemporary design that looks great at home or in the office. Leitz storage boxes are made from solid, robust cardboard with a laminated surface for better, long-lasting protection. **They are easy and fast to assemble as well as to fold but never open accidentically thanks to the patented construction.** This makes the box really stable also when standing. Unlike other boxes they can be collapsed and rebuilt many times to save space when not in use.

Media Storage

	CD Box Capacity of 30 standard jewel cases, 60 slim cases or 160 paper sleeves 143 x 136 x 352 mm	604100-

ECF Eco Friendly

Maxi is manufactured with ECF Pulp (Elemental Chlorine Free)

Eucalyptus Fibers

Maxi is manufactured with Eucalyptus fibers using pioneering technology

Maxi offers an important quality differential in performance in copiers, ink jet, laser and other printing equipments

Maxi paper is produced from sustainably managed wood sources, in FSC (Forest Stewardship Council) and PEFC (Program for the Endorsement of Forest Certification) certified mills.

We observe the highest environmental and ethical standards before, during and after production.

Paper is a renewable resource, and for every tree that is used several more are planted, thereby keeping our planet green for future generations.

LEITZ®

JOB WELL DONE

With German heritage, every Leitz product is meticulously engineered to perform time after time to the highest level.We pride ourselves on a never-ending quest for innovation and functionality and when we create a winning product we never stop looking for ways to improve it, always keeping ahead.The design is never extreme, but always distinctive, beautiful, intelligent, contemporary, simple and individual, just like the sort of people who choose Leitz.

LEITZ ILAM –
PERFECT LAMINATION
NO MATTER HOW YOU DO IT

iLAM is easy to use, convenient and hassle-free. Its design is engineered to give you the best combination of quality and performance, with perfect results every time.

Smart sensor technology

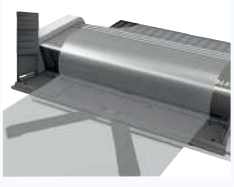

iLAM Touch 2 Series

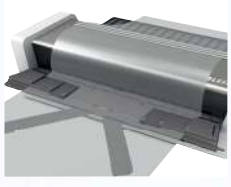

Sets new standards in lamination. Its high speed makes it perfect for prolonged, professional use. In addition it includes built-in smart sensor,
and an auto-reverse function.
All you need to know is on and off.

- No need to define settings; smart sensor technology
- Active anti-jam technology
- Low energy consumption; auto shut-off after 30 min of inactivity
- Unique patented fold-out flaps ensure consistently even, high-quality lamination
- Laminates one 80-micron A4 sheet in approximately 25 seconds – or just 15 seconds using the iLAM Touch Turbo Pro model
- LED indicates when the device is ready to use
- Instantly ready to use – just 60 sec. warm-up time

Patented Easy Feed System*

Insert open pouch

Close the flaps

Insert document using the guide bar

Just laminate for a perfect result

*Patent pending 2016

LEITZ

iLAM Touch 2

LEITZ

An exceptional combination of iLAM and UDT unique direction technology

Simple. Jam-free. Perfect results. Hassle and damage-free lamination. iLAM pouches with UDT (unique direction technology) – a match made with perfection in mind. UDT features are built into iLAM pouches to eliminate some of the most common problems that occur during lamination. The trademarked arrows disappear as the pouch passes through the laminator. A clear pouch is a perfect pouch – guaranteed.

Copy Paper

- Multi purpose paper.
- Sharpest printing quality.
- Manufactured with ECP pulp.
- Produces sharp, clear copies and prints.
- Compatible of all types of copiers, ink jet printers, laser printers.
- Picture perfect.
- For high volume printing.

ECF Eco Friendly

Maxi is manufactured with ECF Pulp (Elemental Chlorine Free)

Eucalyptus Fibers

Maxi is manufactured with Eucalyptus fibers using pioneering technology

Maxi offers an important quality differential in performance in copiers, ink jet, laser and other printing equipments

ISO 14001 · ISO 9706 · ISO 9001

Maxi paper is produced from sustainably managed wood sources, in FSC (Forest Stewardship Council) and PEFC (Program for the Endorsement of Forest Certification) certified mills.

We observe the highest environmental and ethical standards before, during and after production.

Paper is a renewable resource, and for every tree that is used several more are planted, thereby keeping our planet green for future generations.

PEFC PEFC/13-32-001

CATALOGUE

View DYMO® Label Makers and Printers

DYMO® labels are the brand that small businesses dream about. Our LabelWriter® printers and scales help make mailing and shipping processes easier - like a well-oiled machine.

DYMO® for Offices

DYMO®label makers help create efficiency throughout the office. Organize, ship and manage assets with DYMO®

About Us

DYMO is fast-becoming the worldwide leader in providing innovative solutions that help people accoplish their tasks easier.At DYMO, we are all about efficiency, whether you need to organize your kitchen, or if you need to mail hundreds of letters, we have a solution for you.

DYMO offers a complete range of products for the office, warehouse, worksite,home and even classroom. From simple embossers, manual label makers and desktop products to industrial portables, computer-connected products, and cutting-edge software and online service, DYMO is here to simplify your tasks while helpingyou look more professional.

From our initial beginnings in 1958 as an embossing company based in California, DYMO has grown to be a company with global reach, We were acquired by Newell Brands, a Fortune 100 company, in 2005, and have since broadened our product lines to include contact management software and business card scanning solutions, mailing and shipping scales and online postage. In the coming years, we plan to continue this expansion into other araeas where we see the possibility of making peoples jobs easier through innovative technology solutions.

DYMO® Labeling Solutions

Home organization, office efficiency and workplace safety. There's a DYMO® label maker for every task.

ALWAYS USE

AUTHENTIC DYMO

LABELS & TAPES

A Better Way to Label

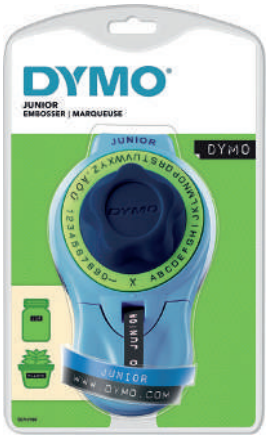

Learn how DYMO® stands committed to becoming more sustainable every day.

Embossing Machine Junior®

This embosser is so simple to use, you'll actually have fun with it. Just use the turn and click mechanism and try your hand at creating attractive embossed labels for almost anything that calls out for organisation: like your child's notebooks or toy closet, or your garage workshop, CD cases, even files, binders and folders for important documents. Great for kids' projects, too. Make your words and numbers stick on 9 mm wide embossing tape that's pre-loaded for your convenience.

Features

- ABS construction is particularly long lasting
- Easy to load tape cassette
- Ergonomic soft touch handle with rubber grip, Turn and click is ergonomically designed for comfortable use by adults and children
- Pre loaded with 9 mm wide Dymo embossing tape,Incorporated tab cutting for easy removal of the protective tape backing
- Package Includes. 9 mm Black Embossing Label Cassette, Junior Embosser Label Maker,Instruction Manual
- No batteries required

Embossing Machine OMEGA®

The embosser for your home and leisure needs. For the Home Office, kitchen or for your hobbies, the Omega can make hundreds of tasks simple and enjoyable. The tapes are easy to load and the Omega has a tab-cutting for fast removal of the tape backing. With Dymo's Soft-GripSM handle, Omega offers you an extra measure of comfort, convenience and performance in your kitchen and your home administration. It uses no batteries, yet prints letters, numbers and symbols effortlessly. To get you started, we've included one pre-loaded 9mm wide plastic embossing tape. Box Contains Omega embosser 1 x pre-loaded 9mm wide plastic embossing tape

Features

- Intuitive turn and click labeling system
- Ergonomic soft touch handle with rubber grip
- Set of 49 different characters
- Pre-loaded with 9 mm wide Dymo embossing tape
- Sharp, white tab-cut characters printed 3, 7 mm high.
- No batteries required

DYMO® 3D Embossing Labels

DYMO 3D plastic embossing labels stick to any smooth, clean surface and are resistant to water, corrosion, abrasion and most chemicals. Whether you use them indoors or outdoors, you can count on them to last - and to stay in place.

Features

- Outer plastic tape holder color may vary, and does not impact use of embossing tape
- Durable DYMO plastic embossing labels feature raised lettering for a 3D effect
- Ideal for home, office and outdoor use, labels resists fading and are designed to last
- Sticks to most clean surfaces and won't break or leave residue when removed

Tab Cut
DYMO embossing machines are equipped with a tab cut for easy removal of the plastic label liner

Water resistant
Withstands water, oils, greases and most milder solvents

UV resistant
Withstands exposure to sunlight without fading or peeling

Label Writer 450 Twin Turbo

The DYMO LabelWriter 450 Twin Turbo features two rolls of labels ready to print at all times–enhancing efficiency by allowing you to print address labels and postage without swapping label rolls–and prints up to 71 four-line standard address labels per minute for maximum productivity. Create and print address, shipping, file folder, and barcode labels, plus name badges and more–all without the extra work and hassle of printing sheet labels on a standard desktop printer. *Compatible with Windows 7 or later and Mac OS X v10.8 or later. Microsoft and Windows are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries. Mac and OS X are trademarks of Apple Inc., registered in the U.S. and other countries.

Features

- QUICKLY SWITCH BETWEEN 2 ROLLS OF LABELS: Ideal for enhancing efficiency and print two different label types without swapping label rolls
- ELIMINATE THE WASTE AND HASSLE OF SHEET LABELS: The DYMO® LabelWriter 450 Twin Turbo prints precise quantities without difficulty
- NEVER BUY INK AGAIN: Direct Thermal printing technology eliminates the cost of ink and toner
- EASILY CUSTOMIZE AND PRINT LABELS: Create labels directly from text in Microsoft Word, Excel, Outlook, and Google Contacts
- USE WITH AUTHENTIC DYMO LABELS: For best performance, use DYMO LabelWriter® Labels in a variety of sizes

Label Writer 450 Duo

Our most versatile label printer, the DYMO LabelWriter 450 Duo prints LW labels, plastic D1 labels and durable IND labels so that you can take on virtually any labelling job. Print address labels or name tags using LW labels, then easily switch over to D1 labels for filing needs. Connect the Duo label maker to your PC or Mac and you can print directly from a wide variety of popular programs or create customized labels using DYMO Label software. Now you can tackle virtually any task with one versatile label printer.

Features

- Create and print up to 71 address, shipping, file folder and barcode labels, name badges and more per minute
- Print shipping labels from DHL, FedEx, UPS, and USPS directly from your desktop
- Thermal printing creates labels with no ink or toner
- Prints on paper or easy-peel, split-back D1 tape (1/4-, 3/8-, or 1/2-inch sizes)
- Connect to PC or Mac, and you're ready to print labels right from Word, Excel, Outlook, QuickBooks and other programs

Label Writer 5XL

The DYMO LabelWriter 5XL label printer is the ideal choice for eCommerce sellers, printing 4”x 6” shipping labels for UPS, FedEx, USPS directly from eBay, Amazon, Etsy, Poshmark, and many others. It comes with free DYMO Connect Software via USB or LAN network connectivity and third-party software integration, and produces warehouse labels, barcodes and ID labels, bulk mailing labels, and other large-format label types with ease. With its unique Automatic Label Recognition, you always know which labels (by size, type, and color) are loaded into the label maker at a glance. You’ll also know how many are remaining, so you'll never run out mid-job, and the direct thermal printer replaces the need to buy costly ink or toner.

Features

- FREE DYMO CONNECT FOR DESKTOP SOFTWARE: Create and customize 60+ label types through USB or LAN network connectivity
- AUTOMATIC LABEL RECOGNITION: Label printer lets you see the size, type, and number of remaining labels at a glance
- PERFECT FOR ECOMMERCE SELLERS: Print 4”x 6” shipping labels directly from eBay, Amazon, Etsy, Poshmark, and more
- PRINT CRYSTAL CLEAR LABELS: Print barcodes, text, graphics, and more with 300 dpi resolution
- NEVER BUY INK AGAIN: Direct thermal label printer, no expensive ink or toner required
- ONLY WORKS WITH AUTHENTIC DYMO LABELS: Uses only high-quality, BPA-free DYMO Authentic LabelWriter labels; paper labels are made from FSC® certified material

DYMO® LabelWriter™ Labels

DYMO® LabelWriter™ Labels use a direct thermal printing process – so you never need to bother with messy, expensive ink or toner cartridges. And because they’re packaged in rolls, you can print one label or hundreds with ease – no sheet label jams, no layout hassle and no waste.

Label Types:

- Permanent white paper labels: Ideal for most labelling jobs
- Removable white paper labels: For non-permanent labelling – leave no residue when removed
- Permanent transparent plastic labels: Allow the surface being labelled to show through – give the appearance of printing directly onto the surface
- Non-Adhesive cards: Appointment cards or name badges for usage in combination with badge holders or badge clips

DYMO® LW Durable Labels

Industrial

DYMO® DURABLE LABELS

Tear & Solvent Resistant

When confronted with challenging surfaces, use a label that's tougher and lasts longer than paper labels. DYMO LabelWriter Durable labels feature industrial-strength adhesive and a rugged coating that resists peeling and abrasion due to moisture and solvents.

LW Durable Label Features

- Industrial-strength adhesive sticks securely to challenging surfaces like metal tread plate, textured PVC, wood, glass, and more
- Protective coating prevents peeling from abrasion, as well as industrial oils and cleaners
- Moisture-resistant design withstands damp conditions up to 85% humidity
- Withstands a range of temperatures from -18°C to 50°C
- Ideal for labelling shelves, warehousing, chemical storage, floor markers, equipment/inventory, and more

Industrial

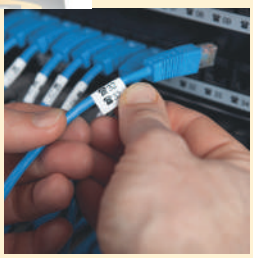

Rhino 4200

With its familiar QWERTY keyboard and library of over 150 symbols and terms for electrical, pro AV/security and facilities management, the DYMO Rhino 4200 Industrial Label Maker gets industrial labeling jobs done fast and done right. “Hot Key” shortcuts enable you to quickly create and format wire/cable wraps, flags, fixed-length labels and more, while a “Favorites” key provides single-key access to your most commonly used labels, symbols and terms. With the Rhino 4200, you can print labels up to 3/4" wide in flexible nylon, permanent polyester, and durable vinyl materials – plus directly onto heat-shrink tubes. Integrated rubber bumpers help prevent damage from on-the-job drops and falls.

Features

- FAST TYPING: Easily enter text with a familiar computer-style, QWERTY, keyboard
- CONVENIENT MEMORY RECALL: Quickly access your most commonly used labels, symbols and terms with the “Favorites” key
- PERFECT FOR ECOMMERCE SELLERS: Print 4”x 6” shipping labels directly from eBay, Amazon, Etsy, Poshmark, and more
- CUSTOMIZABLE: Avoid repeated steps with the “Custom” key – customize and save settings for individual label formats
- USE WITH AUTHENTIC DYMO LABELS: Uses DYMO Industrial labels 6, 9, 12 and 19 wide industrial-strength labels in a variety of materials and colors – plus print directly onto heat-shrink tubes
- TIME-SAVING FEATURES: Uses convenient one-touch “Hot Keys” to access shortcuts for creating and formatting wire/cable wraps, flags, Code 39 and Code 128 bar codes, fixed-length, general, and breaker labels

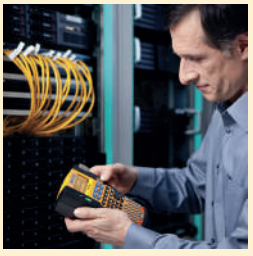

Rhino 5200

Rugged, versatile, and packed with time-saving features, the DYMO Rhino 5200 Industrial Label Maker meets key ANSI and TIA/EIA 606-A labeling standards - and labels up to 77% faster than the competition*. Just press a proprietary Rhino “Hot Key” to automatically size, space, and format text for perfect patch panel labels - then press another to print matching cable flags or face plate tabs, without retyping. It’s just as easy to print module and fixed-length labels, horizontal and vertical wire wraps, terminal and 110 blocks, and much more. Print Code 39 and Code 128 barcodes. Access 100+ industry symbols, fractions, and punctuation marks with a few quick keystrokes. Add the optional quick-charging lithium-ion battery for uninterrupted productivity.

Features

- GREAT FOR ASSET MANAGEMENT: Print Code 39 and Code 128 bar codes on 3/4" (19mm) wide labels
- INDUSTRY COMPLIANT: Meet key ANSI and TIA/EIA-606-A industry labeling standards

LABEL APPLICATIONS	LABEL COLOUR	6 mm	9 mm	12 mm	19 mm	24 mm
Labels that stick and stay stuck. DYMO® Industrial labels are tough– jobsite tested and UL recognized. Labels won't smear or fade and are built with industrial-strength adhesives to resist moisture, UV light and extreme temperatures. Whether you are labelling to OSHA, ISO and ANSI colour standards or labelling in harsh conditions, DYMO® Industrial labels have you covered. DYMO® Industrial labels are designed to work exclusively with Rhino™ printers and to perform on a variety of surfaces. Industrial Embosser

Metal Embossing Tool

Rhino M1011

The Rhino M1011 embosses 12mm stainless steel and aluminum labels - with or without adhesive - that resist corrosion due to extreme weather, temperature, chemical and UV exposhure. This tough, durable embosser faeture an easy-to-use label cutting handle (cuts rounded edges, hole and cable tie punches, a trailing edge measuring gauge, and much more.

Industrial-Strength Metal Embossing Tool

- Uses 12 mm stainless steel and aluminum labels
- Built-in hole punch for creating hanging, screw-on or nail-on labels
- Built-in cable tie slot punch for cable marking
- Built-in measuring gauge – accurately set length of leading and trailing label edge
- Easy-to-use cutting handle makes cutting stainless steel labels effortless — cuts square or rounded edges
- Print mirror script labels with included reverse image character wheel
- Deep emboss ensures excellent character legibility
- Rugged cast aluminum frame withstands tough working conditions

Single Unit Includes:

- M1011 Label Embosser
- Horizontal Character Wheel
- Reverse Image Character Wheel
- Roll 12mm x 4.80m Non-Adhesive Aluminum Labels
- Roll 12mm x 6.40m Non-Adhesive Stainless Steel Labels
- Hard Carry Case

Label Manager® 160

The DYMO LabelManager® 160 is a fast, simple label maker that's easy to take with you. Quickly type text on the computer-style QWERTY keyboard, edit with one-touch fast-formatting keys, and print perfect, professional labels every time. Compact and lightweight for portability, making it easy to label just about anything, anywhere. 20+ ways to format text and more than 200 symbols and clip-art make it easy to create high-quality labels for all your organization needs. To extend the battery life, the auto power-off function turns the label maker off when not in use.

Features

- PORTABLE LABEL MAKER: Compact and lightweight for portability, making it easy to label just about anything, anywhere
- TYPE QUICKLY AND EASILY: Label maker lets you quickly type text on the familiar computer-style QWERTY keyboard, edit with one-touch fast-formatting keys and print perfect, professional labels every time
- PRINTS CUSTOM LABELS: Choose from 20+ ways to format text and 200+ symbols and clip art allows for personalizationlabels every time
- EXTENDED BATTERY LIFE: Enjoy extended battery life with automatic switch-off
- USE WITH AUTHENTIC DYMO LABELS: For best performance, use authentic DYMO Label Tapes in 1/4", 3/8" and 1/2" (6 mm, 9 mm, 12 mm) widths available in a variety of colors

Label Manager® 160
(English/Arabic)

The DYMO LabelManager® 160 is a fast, simple label maker that's easy to take with you. Quickly type text on the computer-style QWERTY keyboard, edit with one-touch fast-formatting keys, and print perfect, professional labels every time. Compact and lightweight for portability, making it easy to label just about anything, anywhere. 20+ ways to format text and more than 200 symbols and clip-art make it easy to create high-quality labels for all your organization needs. Label Manager® 280

With a large graphical display, one-touch fast-formatting keys and a long-lasting rechargeable battery, the LabelManager® 280 label maker is your ticket to fast, uninterrupted labeling. The computer-style QWERTY keyboard is perfect for typing text quickly, comfortably, and easily. Plus, PC and Mac®*connectivity enables you to customize labels with fonts and graphics of your choosing from your computer. *Compatible with Windows® 7 or later and Mac OS® X v10.8 or later. Microsoft and Windows are either registered trademarks or trademarks of Microsoft Corporation in the United States and/or other countries. Mac and OS X are trademarks of Apple Inc., registered in the U.S. and other countries.

Features

- PORTABLE LABEL MAKER: Label on the go with a handheld printer, powered by a long-lasting rechargeable battery
- POWERFUL CUSTOMIZATION THROUGH PC OR MAC®: Included cable lets you access fonts, graphics, and barcodes loaded to your PC and Mac®*
- TYPE QUICKLY AND EASILY: Label maker lets you quickly type text on the familiar computer-style QWERTY keyboard, edit with one-touch fast-formatting keys and print perfect, professional labels every time
- PRINTS CUSTOM LABELS: Choose from 20+ ways to format text and 200+ symbols and clip art allows for customization
- USE WITH AUTHENTIC DYMO LABELS: For best performance, use authentic DYMO D1 label tapes in 1/4”, 3/8”, and 1/2” (6 mm, 9 mm, 12 mm) widths available in a variety of colors

Label Manager® 360D

Powered by a long-lasting rechargeable lithium-ion battery, the LabelManager® 360D Label Maker is easy-to-use and eliminates the inconvenience of AA batteries. This desktop label maker lets you print up to ten copies of the same label and prevent repeated work with a ten-label memory and “save text” feature. Enter text quickly and naturally with the familiar computer-style keyboard, and use special function keys for fast access to punctuation marks, currency, and other special symbols. There are 30+ ways to format text including 3 font styles to create custom labels suited for almost any home or office labeling job.

Features

- PORTABLE & RECHARGEABLE LABEL MAKER: Lithium-ion battery eliminates the need to buy AA batteries
- TYPE QUICKLY AND EASILY: Label maker lets you quickly type text on the familiar computer-style QWERTY keyboard, edit with one-touch fast-formatting keys and print for perfect, professional labels every time
- PRINTS MULTIPLE COPIES: Up to 10 copies at a time
- PRINTS CUSTOM LABELS: There are 30+ ways to format text including 3 font styles and 200+ symbols and clip art allowing for customization
- USE WITH AUTHENTIC DYMO LABELS: For best performance, use authentic DYMO D1 label tapes in 1/4", 3/8", 1/2", and 3/4" (6 mm, 9 mm, 12 mm, 19 mm) widths available in a variety of colors

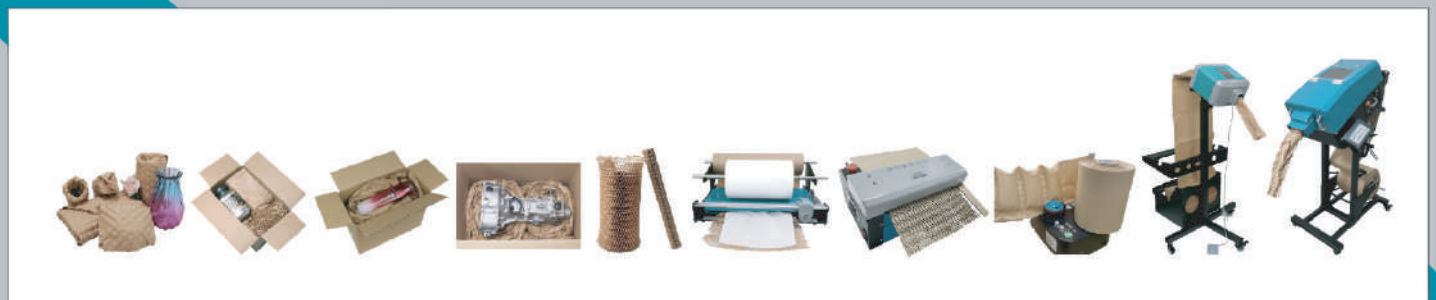

DSB® wiAIR®

DSB WiAir was established in Taiwan in 1985. For more than 30 years, it has focused on the development, production, and sales of office printing equipment and consumables such as binding machines, laminators, paper cutters, and paper shredders. We have brought together experts from multiple industries to develop a series of safe, practical and highly automated office equipment and after printing equipment. Every product has multiple patents, while our equipment saves labor costs greatly and improves office efficiency. We provide unique product design, innovative services and customer value to meet the needs of customers in the global market.In the process of continuous exploration, we have involved in the industry of cushion packaging. In 2002, our sister company WIAir was established, focusing on the production of environmental friendly air cushion packaging business and providing complete packaging solutions. The WIAIR equipment was researched and developed in innovative and unique designs and obtained many national patents awards and is popular in the packaging markets globally.

Our products are self-developed with multinational patents and international certifications. DSB main products: paper cutter, binding machine, laminator, office consumables etc. Our DSB product line-up can be applied as SOHO/Office Dealers/Professional. WiAir main products: air cushion machine, paper machine machines, air cushion film, paper roll etc.The Wiair product line-up can be used for E-commerce as well as big logistics.

PB340 (Patented)
Desktop Paper - Bubble Machine

This machine can make paper bubble with a width of 300mm. The speed of the machine can be adjusted freely, and it is equipped with a foot switch, which can freely control the length of the paper output. Suitable for small warehouses, production lines and other places.

Features:

1. Output paper width 300mm.
2. Make as much as you want, just make(paper bubble) and use immediately.
3. Adjustable speed, equipped with foot switch.
4. You only need to bear the cost of paper (consumables), and the transportation cost can be completely saved.
5. Multi-scenario use: offices, chain stores, production lines, small and medium-sized shipments etc.

PB340pro (Patented)
Desktop Paper - Bubble Machine

PB340pro upgraded with roll paper holder and equipped with one slider. It helps the machine can apply consumables with roll paper and fan-fold paper as well. The patented slider is made of tungsten containing alloy steel which makes the slider with higher hardness and strength, and also heat resistance. It works smoothly even with long working hours.

Features:

1. Output paper width 300mm.
2. Make as much as you want, just make(paper bubble) and use immediately.
3. Adjustable speed, equipped with foot switch.
4. You only need to bear the cost of paper (consumables), and the transportation cost can be completely saved.
5. Multi-scenario use: offices, chain stores, production lines, small and medium-sized shipments etc.

HC20 (Patented)

Electric Honeycomb Paper Machine

Auto paper outputting with smooth speed, it can improve the overall packaging efficiency and capacity. This machine is perfect with e-commerce and logistics who have high requirement for packaging speed.

Features:

1. Speed: 8m/min.
2. Stretch smoothly and evenly.
3. Very easy to operate.
4. Foot switch, freely control the paper output length.
5. Used with a sliding knife for smooth cutting.

HC20pro (Patented)

Electric Honey comb Paper Machine

HC20 which equipped with a paper slider is the advanced version of HC20. The slider is specially designed for cutting honeycomb paper with smooth edge. It is made of tungsten-containing alloy steel, which gives the slider greater hardness and strength, while also providing heat resistance.

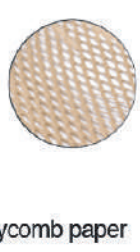

Machine parameters

Machine Name	Speed	Voltage / Power	Weight	Size	Manual slide knife

DSB® wiAIR®

P100pro (Patented)

Paper Cushion Machine

P100pro is an automatic void filling paper machine which is especially designed for logistics, assembly lines, e-commerce,offices, courier, physical stores, who has requirements for product protection and void filing during transportation. It has three operating modes and suites for three kind of consumables.

Features:

1. Can be used directly as desktop mode.
2. Automatic cutting, efficient and fast.
3. Can make Z-folding paper and honeycomb paper.
4. The angle of the machine head can be adjusted freely.
5. The height of the stand can be adjusted freely.
6. Foot switch, free control of paper output.
7. Three modes: foot pedal/compensation/batch.

Machine parameters

Machine Name	Speed	Voltage / Power	Weight	Size	Cutting mode

CS-325 (Patented)

Desktop Cardboard Shredder

The CS-325 cardboard shredder can make the used cardboard become honeycomb shape which is one kind of eco-friendly material for protective packaging purpose. Not only saving packaging costs but also save energy and protct the environment. Expansion cutting machines are currently widely used in the packaging industry, logistics industry, and spare parts processing industries, such as precision instruments, meters, motors, metal parts etc.

Features:

1. Turn used cartons into high-quality packaging materials.
2. Small size, easy to operate and move.
3. One-side open design, big size carton acceptable.
4. Producible, zero-cost reusable, recyclable packaging materials.
5. Multi-site application, easy to use for small companies, warehouses.
6. Time and cost saving, most importantly it's 100% biodegradable.

Innovative Dust Collection System

CS-325 cardboard shredder has an innovative dust collection-system which can collect the paper sheets during machine working. It solves the problem of a large amount of dust generated by the expanding cutting machine in the working environment.

Machine parameters

Machine Name	Speed	Cutting width	Cutting thickness	Voltage/Power	Size	Weight
CS325	3.5m/min	325mm	3-5 layers of corrugated cardboard	100-230V/250W	450 x 300 x 270mm	33kg

FSC

Z-Fold Paper | Honeycomb Paper | Paper-Bubble | Roll Paper

Due to the introduction of plastic tax by the European Union nowadays, The demand for environmentally friendly cushioning packaging materials will be increased rapidly.

Green and Degradable buffer paper consumables are an inevitable trend of subsequent development. Buffer kraft paper is 100% degradableand has a good buffer which can completely replace plastic buffer packaging.

Inspiring every artist in the world

WINSOR & NEWTON™

Liquitex®

About Us

In 1832 chemist William Winsor and artist Henry Newton brought together the knowledge of the scientist and the creativity of the artist to offer an unprecedented choice of colour, clarity and permanence to fine artists.

Winsor & Newton pinpointed what was really needed – a regular source of reliable colours and brushes. Winsor & Newton first developed vastly improved watercolours, followed by a number of other innovations including Chinese White, the first durable opaque white watercolour, and collapsible tin tubes for both oils and watercolours.

New era, new approach

A series of royal appointments and awards in the late 1800s paved the way for Winsor & Newton to take its colours around the world.

In the early 20th century Winsor & Newton expanded its range to offer key value ranges. It also expanded its factories to ensure colour and brush production carried on through both world wars. But William and Henry's original ethos stayed at the heart of the business – whenever there was a new, exciting or better pigment or binder available, Winsor & Newton introduced it, including Designers gouache, fast drying oils, water mixable oils and the revolutionary Artists' Acrylic (now Professional Acrylic).

Classic yet contemporary

William and Henry's commitment to quality and innovation are part of a rich heritage which informs Winsor & Newton to this day. We're dedicated to the craft of the fine artist and to providing them with new ways to explore their creativity. We embrace new ideas, we seek out the latest technologies and materials – we devote our time to creating the world's finest art materials, which are used by some of the world's finest artists.

GALERIA ACRYLIC COLOURS

MADE IN FRANCE

Galeria Acrylic Colour is a high quality acrylic which delivers professional results and is ideal for artists who want good quality colour at an affordable price. All of the 60 colours in the Galeria Acrylic range offer a wide spectrum of pigment characteristics to choose from as well as excellent brilliance of colour, high levels of pigment strength, opacity and permanence, strong brush stroke retention, clean colour and a smooth, satin finish.

OIL MEDIUMS

Mediums are additives which alter or enhance the characteristics of the colour. They are used to change the rate of drying, increase gloss, improve flow or provide texture. Mediums are based on the binders used in milling the colours: linseed oil, alkyd resin and modified oils for water mixable oils.
All mediums should be used in moderation: they are intended only as an addictive to the colour. In addition, avoid adding multiple mediums to the colour.

Item codes	Description
3021752	OIL ADDITIVE 75ML BTL LIQUIN FINE DETAIL V1

3041981	OIL ADDITIVE 400ML SPRAY MATT VARNISH V1

Mediums give you more control

Oil mediums are used to alter or enhance the characteristics of oil paints.

They can:

- Speed up or slow down drying times.
- Change surface sheen.
- Improve paint flow.
- Thicken the paint texture.

Twin tipped allowing for a variety of strokes within one marker.

Streak- free coverage

Quality alcohol-based inks that are formulated using professional dyes guarantee beautiful, streal-free coverage.

WATER COLOUR DRAWING PADS

A 25% cotton, cold pressed slightly textured paper, ideal for most watercolour styles, gauche, pen and ink. Mixture of cotton and cellulose. Reflect light well, retaining the transparency of watercolours and its medium grain makes it suitable for all styles of water colour painting. Cotton fibres are internally and externally sized for optimal absorbency and extreme strength. Acid free and free of optical brighteners, offers a bright natural whiteness of archival quality, that does not yellow over time.

OIL COLOUR DRAWING PADS

Fine quality, neutrally sized surface, formulated to withstand thick, layered paint applications. It comes ready-to use, not requiring any priming or preparation. Provides excellent rendering and high colour luminosity, without sinking through. Free from acids and optical brighteners and of archival quality for stability and resistance of ageing. Ideal for oil, oil pastel or any other heavy paint applications.

ACRYLICS DRAWING PADS

A non-absorbent, canvas-textured paper specifically designed for use with all acrylic colours and mediums. It comes ready - to - use, not requiring any priming or preparation. Surface remains smooth and slightly glossy after painting. Free from acids and optical brighteners and of archival quality for stability and resistance to ageing.

WINSOR & NEWTON

BRUSH SET

Cotman brushes are range of pure synthetic water colour brushes of the highest quality that have been created using the same skills, generated over many years, as those used in making the finest sable brushes. For over 150 years our brush makers have applied their knowledge to produce brushes of the highest standard. As new materials have become available we have used our experience to produce new ranges of brushes, each with their own benefits. Cotman brushes were the first complete range of synthetic brushes to be developed by Winsor and Newton.

Liquitex®

Founded in 1955,

The world's leading acrylic artist paint brand. Liquitex was the first water-based acrylic paint Created in 1955 and since then we have partnered with artists to ensure that we continually evolve and innovate - resulting in a long history of acrylic innovation.

ACRYLIC COLOUR 118 ml

MADE IN FRANCE

Liquitex®

Artist quality - made with light fast, artist-quality pigments in an expanded choice of many colours. For all painting techniques - great coverage with a very elastic and flexible colour film in medium viscosity for under painting and sketching, mixed media, street art, and modern techniques .
Archival quality - these acrylic paints have excellent light resistance, are non-yellowing, and age-resistant, with a silky gloss finish. Mono pigmented acrylic paint - pure acrylic shades with high colour intensity. Made in Europe - Liquitex respects the needs of artists and produces colours to a high quality standard in its own factories in France

Everyday acrylic colour with a fluid, flowing consistency straight from the bottle. In vibrant satin colours. Made with the same high-quality artist pigments as Liquitex Basics Acrylic Colour. Ultra versatility with superb application. All with a permanent, water-resistant finish when dry. Separation is normal. Shake well before use.

QUALITY

Basics Acrylic Fluid gives you the perfect balance of quality and economy. Made for all artists, Basics acrylics are formulated with the exacting Liquitex standard. Which means they're made with the same lightfast, fine art pigments we use in our professional range, but just a lighter load. Choose from a range of sizes.

FINE ART PIGMENTS

All Liquitex paints use the highest quality pigments and go through the same rigorous manufacturing process. The only difference is that with Basics we use a lower concentration of pigment than our professional paints. For Basics, fine art pigments are selected and milled using the latest basket bead-mill technology, in the same way as Soft and Heavy Body Acrylics. Pigments are ground with tiny reinforced ceramic beads to give fine dispersion, great colour development, strength and brightness, before being added to the acrylic emulsion.

ECONOMICAL

Push your budget harder with Basics. Use on their own or combine together with professional materials – if they're made by Liquitex, they're all compatible. Perfect for everyday use, for sketching out preliminary ideas, for under painting before laying down your final paint application and for covering large areas.

SAFETY

Basics acrylics are safe for you to use. All colours are independently tested by the Art and Creative Materials Institute at Duke University, and hold the Approved Product (AP) safety seal. This means they are certified to contain no materials in sufficient quantities to be toxic or harmful to humans or to cause health problems, making them ideal for studio and educational use.

SURFACES

If your paint sticks to it, you can use it. Use Basics on:

- Canvas
- Paper & board
- Wood & masonry
- Metal
- Styrofoam
- Stone & ceramics
- Textiles

ACRYLIC COLOUR SET

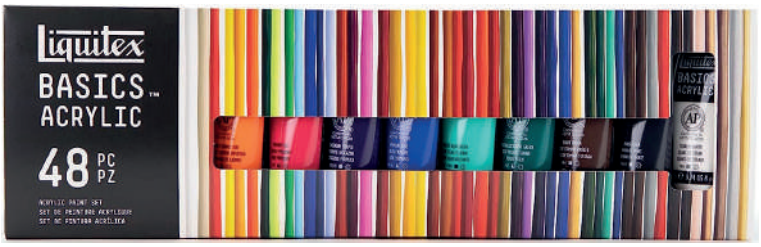

MADE IN FRANCE

Basics is our student-quality line, made for everyday use by all kinds of artists. Featuring Basics medium-consistency acrylic paint. From primaries to palette essentials, fluorescents to metallics, discover new colours in smaller sizes.

BASICS ACRYLIC

WHY BASICS? - Liquitex invented artists' acrylics back in 1955 and we've specialized in acrylics ever since. Basics gives you the perfect balance of quality and economy. Made for all artists, Basics acrylics are student-quality.
HIGHEST QUALITY PIGMENTS - Basics uses the same high quality pigments and rigorous manufacturing process as our professional range. Pigments are ground with tiny reinforced ceramic beads to give fine dispersion, great colour development, strength, and brightness.
VERSATILE - Basics acrylic dries quickly and can be cleaned up with water while wet. It can easily flex, and sticks to almost any surface including canvas, paper & board, wood, masonry, metal, styrofoam, stone, ceramics, and textiles.
ADJUSTABLE - Basics comes in a range of opacities, and can be adjusted to use as an undertone, tint, or shade. For further freedom, our mediums include everything you need to prep and finish your work, and to change your paints character.

ACRYLIC FLUID

FLUID VISCOSITY - . Basics Acrylic Fluid Colour is ultra smooth, super blend able and filled with fine art pigments.
NO NEED TO DILUTE - Basics Fluid Colour is designed to be used straight from the bottle. There's no need to dilute to get the flowing consistency you're after.
SATIN SHEEN - A mid sheen finish ideal for all kinds of work.
HIGHLY VERSATILE - Ideal for pouring, large area coverage, fine detail, splattering and everything in between.
THE PERFECT BOTTLE - Squeezable body make it easy to direct and control. Flip-top cap is quick to open and close one-handed. Screw-off top and wide neck give easier access.

ACRYLIC MEDIUMS

Pouring medium - for flow technology and casting applications with acrylic paint. Prepare your colour for smooth, high gloss, craze-free pours while lowering viscosity and increasing flexibility.
Can be mixed with any acrylic paint to get smooth, even colour films without increasing the transparency of the colour. Extends your colour further without affecting acrylic stability.
Properties - increases colour flow, increases shine and prevents hair cracks and bubbles.
Resistant to aging - the medium does not yellow, dries waterproof, remains flexible after drying and maintains a strong finish. Maintains paint adhesion, durability and archival quality
Watering applications - it prevents hair cracks and bubbles in drip and pouring applications, even with puddles and acrylic skins.

ACRYLIC MARKER

MADE IN FRANCE

A new way to paint. No brush. Just the finest quality professional acrylic paint in a fine art, marker-style pen.
Acrylic Marker gives you the ultimate control. Made with highly light fast artist-quality pigments in a choice of two sizes, with replaceable nibs. Coverage of 5.4 ft² / 0.5 m² can be expected from the fine Acrylic Marker and 26.9 ft² / 2.5 m² from the wide Acrylic Marker.

Item codes	Description

3699246	LQX PRO PAINT MARKER WIDE SET OF 6 VIBRANT
3699247	LQX PRO PAINT MARKER FINE SET OF 6 VIBRANT

CHARACTER

- Made with fine art pigment.
- Precise control.
- Highly light fast.
- Satin finish.
- Doesn't move when varnished.
- Range of opacities

PURE PIGMENTS

This is a fine art paint marker. Made with fine art materials. You can rely on the highest quality professional paint when you use Acrylic Marker. Pigments are processed using the latest basket bead-mill technology, where tiny reinforced ceramic beads give fine dispersion, great colour development, strength and brightness. You get true colour purity and archival stability in a pen. They're also safe to use. Acrylic Markers are independently tested by the Art and Creative Materials Institute at Duke University, and hold the Approved Safety (AP) seal.

HOW TO USE

- Activate it with a good shake to thoroughly mix the paint
- Press the nib down a few times on scrap material to open the internal valve and start the flow - paint is released whenever the nib is depressed, so don't overwork it as you'll get too much paint
- When paint appears on the nib, pause and wait until it's stopped travelling down the fibres before pressing it again. Then, when it's adequately saturated, test the flow on scrap material and you are good to go.
- Repeat as necessary as you work and remember to keep the lid on when not in use, to stop the paint evaporating.

PERMANENT

Water-soluble when wet, yet permanent and water resistant when dry. You get the best of both worlds. Once applied, all the water in the paint evaporates quickly to leave a flexible acrylic film of colour behind. This is permanent and doesn't move - which means you can over paint or varnish without bleeding to achieve multi-layered surface effects.

OPACITY

Sheer or solid colour, or something in between? Each pigment has its own unique natural character and this dictates its opacity. Our professional acrylic paint is formulated to let the pigment express itself fully, so you have a choice of opaque, semi-opaque and transparent colours to help you achieve a range of effects. Check the opacity symbol on the barrel.

CARE

Too much paint coming out? It's usually because you're pushing down too hard (or often) on the nib. Fix it by wiping away the excess paint, don't pump the nib and your marker should be good to go again
Dirty nib? If the paint is still wet, take the nib out and rinse it with warm water. If it's dried-on paint or it's simply looking a bit worn out, go for a replacement nib. They're easy to fit and will return your markers to full precision. Choose from a pack of 15 mm nibs for the wide marker, or the mixed pack of 2 mm bullet and chisel nibs for the fine marker
Paint not flowing smoothly? It probably needs a good shake to mix the formula properly. Remember to store your markers horizontally to avoid heavier elements settling in the valve

Notes

Thank You

folia PAPER
BRINGMANN

PRODUCT CATALOGUE
2024 -25

Company philosophy

Handmade with love = handmade with folia

With more than 5,000 creativity products, folia is the European market leader in the hobby and craft sector. From paper, craft or decorative products to DIY kits, creative minds will find quality products to inspire and delight them at folia.

Our secret formula? The right mixture of innovation and tradition combined with a heart for the environment.

Company history

From aluminium foil to the market leader

1965:
Foundation of the company by Max Bringmann: Sale of aluminium foil for the craft sector

1981:
Company growth and expansion of the product range, foundation of the company's own print shop

1983:
Alexander Bringmann joins the company.

1985:
Markus Bringmann joins the company.

1990:
Michael Bringmann joins the company.

1997:
Move to Wendelstein: increase in the size of the company's premises to 23,000 m² development of foreign markets and expansion of the import activities

2004:
Winner of the "Bayerns Best 50" award: honoured as one of the 50 fastest growing entrepreneur-led companies based in Bavaria

2013:
folia grows: expansion of the production and storage space to 30,000 m²

2019:
Certification according to DIN EN ISO 9001:2015: QM certification for more quality, safety, transparency and customer satisfaction

WHAT WOULD CREATIVITY BE WITHOUT CHALLENGES?

At a time when AI is on the rise and the smartphone is our constant companion, DIY is the creative counterweight to the digital world. Crafting is more diverse than ever before: Wheather decorative,playful, as an expression of inclusion and diversity or as creative me-time with a therapeutic effect - DIY has many faces, and so does our portfolio. Whether DIY jewellery, creative tools or craft kits our products combine tradition and innovation, sustainability and quality, product diversity and individual product design paired with a great love of the handmade.

1 CRAFTING NEEDS KNOWLEDGE & FLEXIBILITY

From the raw material to the finished product. Folia lives DIY. Wheather it's our in-house print shop or our quality management - folia's company structure enables a flexible, customized production method.

2 WE BUILD TRUST THROUGH PROCESSES

Our certified quality management (DIN EN ISO 9001) ensures that your customer satisfaction always comes first and that we fulfill all quality criteria.

3 CRAFTING NEEDS TO BE FUN & SAFE

We have been working with TUV Rheinland for over 20 years. Together, we are constantly optimizing our product portfolio to create a high-quality and safe crafting experience for young and old.

4 WE TRUST IN OUR GLOBALLY REPRESENTED PARTNERS

As a member of amfori's Business Social Compliance Initiative, we work with our suppliers to continuously improve our social, sustainable and high - quality product methods.

5 LOVE BRAND

Crafting is love, crafting connects, crafting awakens emotions: With our brand, we not only inspire innovative DIYs. In exchange with our community, we develop creative tools with and for DIY enthusiasts.

6 WE EXTEND YOUR REACH

From Image videos and DIY tutorials to instagram posts: our content is your content. We provide you with content about our DIY products that will inspire your customers.

7 100% HANDMADE 100% REGIONAL 100% FOR YOU

Homemade from the initial idea to the finished product: the individual character of our products is not only characterised by creativity. Social, demographic and cultural requirements are also incorporated into product development

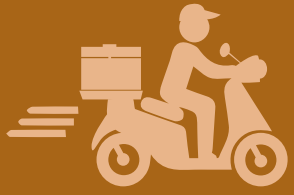

8 CREATIVE MINDSET WITH A GREEN HEART

Sustainable and affordable products are not mutually exclusive. Plastic - free packaging, reusable packaging and certified products with a heart for the environment show that green crafting at folia starts with packaging.

9 ALWAYS ON TIME

30,000 m2 of storage space and approx . 37,000 pallet space ensure the spontaneous delivery of trend products that are in high demand. But we also provide individual customer ranges at short notice: our long - standing and trusting international supply chains paired with optimization in the sense of a resillient suppply chain make our supply as resilient as it is reliable, especially in times of crisis.
